About Us

CoreEd1 is a dedicated advocate for early STEM education, ensuring equitable access to quality learning. Our vision entails bolstering the STEM workforce through learning centers across the U.S. With over 75 years of combined experience, we've created MathRush—an accelerated learning tool addressing math challenges and educational gaps. Through a nine-year Longitudinal Study, we've redefined math grade level expectations from preschool to twelfth grade. Our mission is to foster impactful change in the STEM Education landscape.
